CONSTRUCTION

Setting the standard in integrity and quality

Our construction teams are equipped to provide high quality safe and on time installations. Time and again we exceed our customer's high expectations.

Producing a superior product is a passion of ours.

Campbell and Kennedy is the preferred single source for all aspects of electrical Construction. When managing electrical installations, working closely with the designers, project team(s), trades and suppliers is a priority as is minimizing costs, disruptions and delays. Since 1955, Campbell and Kennedy has worked tirelessly to develop the reputation they enjoy today - a high quality service provider who consistently delivers closely managed multi-trade projects on time and on budget.

Hard work, delighted customers, quality products and a talented team – that's Campbell and Kennedy. Add a keen sense of urgency for today's fast past industry and you'll see why our clients feel we're one of the most effective contractors in the marketplace.
